	Height (mm)	1100	1205	1470	1630	1929	1956	1956	2000
Operation Weight (kg)	880	1000	1530	2154	3120	4175	4440	5260	5620

Create a comfortable and beautiful world with you.....

As the world leader in heating, ventilation, air conditioning and refrigeration for more than 100 years, Carrier's commitment to continually improving the quality of comfort we provide to our customers has changed the way we live, work, play and breathe.

At the same time, we shoulder more responsibilities——

Carrier Corporation identified six specific areas of concentration that directly impact how we, as a world manufacturer, balance our customers' needs for comfort with the environment's needs for responsible consumption. Each area is described below.

At Carrier Corporation, we believe that, for generations to come, success will be measured not only by the quality of our products and systems, but also by how we have improved the quality of life.

30HK/HR Water-cooled Piston Chiller

Cooling Capacity: 86-895kW

Carrier 30HK/HR is your best Choice!

Reliability from Specialization

Carrier strives for perfect details of a chiller.

Carrier's Trump Technique
- 06E high-efficiency semi-closed compressor

06E high-efficiency semi-closed compressor is one of the products Carrier takes the highest pride; Through a 40-year development, 06E has become a symbol of durable use; At present, thousands of 06Es have been applied in various industries and become a most representative technique of Carrier.

Unique Multi-chiller and Double-circuit Design

Start the chillers one by one to reduce the starting current; Separate double-circuit improves reliability; Start or stop compressors flexibly to match users' requirements and to realize energy-saving operation.

High Quality & Low Investment

Control Investment Operation Cost,
Carrier Saves More for You

- Low initial investments accelerate the cost return;
- Simple installation saves installation fees;
- Stable operation and convenient maintenance decreases maintenance fees.

Customer's Story about 30H Series

"Carrier 30HK is a credible partner to make me easy and relaxed."

I started my investment in the food and beverage industry 10 years ago, and I chose Carrier 30HK Water-cooled piston chiller at that time. I have been always satisfied my choice for that in the past years, it has hardly brought me any troubles. Stability, comfort, simple operation and low investments make many benefits for me, and I recommend Carrier 30HK to all friends needing a central air-conditioner! It can bring you easement really! My fifty branches will put into practice at once, and I also choose Carrier. A good air-conditioner shall endure for time.

Cooling Capacity: 86-886kW

"Without a large investment pressure, establish my business easily without burdens!"

My factory is not very large, but a central air-conditioner is necessary for production. I have bothered for a long time for large investments and heavy burdens of central air-conditioners. Through explanations of Carrier's sale personnel, I learnt that there was an easy solution for me. With a 40-year development, Carrier 30HR water-cooled piston chiller is featured with stable performances and an economic price to reduce investment burdens. As expected, the Carrier 30HR has hardly failed after installed that saved much money and minimized troubles, and also shortened the forecasted profit circle a lot!
